of white sugar, four ounces of butter (which Anne Pot ALL PERSONS holding tickets latter must first be dissolved), and a quarter for the ARION BALL, can secure a of a teaspoonful of carbonate of soda. Mix the old age of Louis Quatorze, the court of with fancy silk and is finished by a velves of special discount of to per cent, on into a paste with a beaten egg and a little. cold water. It must not be too wet, or it will ence of Mme. de Maintenon, had a gottrous velvet, and the jabot forms a rolling-over be difficult to handle. Flour the board and neck and decayed front teeth, yet she was collar of the serge. The full sleeve is of roll the paste out thin. Cut in rounds with a proclaimed a beauty, even by the bilious and serge, and is finished by a velvet cuff, over plain cutter, put the tiscuits on a well-greased pan and bake about twenty Marguerite de Valois, with whom most of Above the cibow the material is drawn into greased pan and bake about twenty Marguerite de Valois, with whom most of Above the eibow the material is drawn into minutes. Second recipe: Mix one-half the prominent Frenchmen of her day were a velvet band, which can be made to extend pound of coarse catmost with four cunces at some time or other desperately in love, to the shoulder in strape.

The Parisians are far shead of all others in the matter of cofffure. First-rate hairdressers wait daily on the more others in the matter of colffure. First-rate hairdressers wait daily on the more rate hairdressers wait daily on the more four or five inches across, and bake on a will complete the picture of something better greased tin fifteen to twenty minutes. Oatmeal swells and dries again so rapidly that mantel cabinet ever gilded or ebonized. the making and baking of cakes and biscuits must be done quickly. They are also rather difficult to handle on the board, when rolling and cutting out the biscuits or cakes, without adding a good dear of dry flour; too much of as possible should be used, so long as the ingredients will stick together without breaking. Oatmeal already cooked can also be used as fried cakes and " cookles."

> There is a fabric which will certainly be very popular for ordinary Summer gowns, and that. that is the Japanese cloth in plain colors. It is a yard wide and costs 15 cents, and it has an appearance of great refinement about it. Put Books Everywhere.

It is true that books are better preserved by

A New Fabric.

being shut up behind glass doors, but they do not yield half their benefits in this way. Even a single shelf of books adds to the cosiness of a room, and the home that is fully organize will have such a shelf in the guest chamber as well as in other rooms. A book is often a great boon to a visitor who may. perhaps, have risen too early for breakfast or enjoys a solltary hour with some

sides it will be the most attractive object in the room.

They Are Convenient. The little Japanese stoves are convenient things to use in illness, as they maintain the hours, the same as men. They she heat much more regularly than the usual hot | be paid the same prices for the same w water bags. They are little square things of it is wicked that fragile girls must with covered with cloth, and have a perferated from daylight to dark for starvation was over that emits the warmth. A small roll of dried vegetable matter is placed therein No one will do it for us. It doesn't do and lighted.
